

Each year the Canadian Society for Chemical Engineering presents awards to those who have made exceptional contributions to the fields of chemical engineering and chemical technology.

We are currently accepting nominations for the professional and student 2023 [CSChE Awards](#). The deadline for most CSChE awards is **December 1st, 2022** and nominations can be submitted [here](#). Please note that the submission portal has been changed from ScholarOne to [Awards Force](#).

The [John R. Grace Award](#) is our newest award established in honour of Dr. John R. Grace. This award is presented to a person who, as a Canadian citizen or an individual working in Canada, has made an exceptional contribution to chemical engineering, particularly in the fields of particle technology, clean energy, greenhouse gas mitigation, and novel applications that enhance quality of life.

The CSChE Award types are listed below. Please click on hyperlinks provided for more information about each award.

[Professional and Early Career Awards](#)

December 1st, 2022

[Award in Design and Industrial Practice](#)

[CSChE Bao and Zhu Innovation Award](#)

[D. G. Fisher Award](#)

[John R. Grace Award](#)

[Jules Stachiewicz Medal](#)

[Norman and Marion Bright Memorial Award](#)

[Process Safety Management Award](#)

[R. S. Jane Memorial Award](#)

[The Canadian Journal of Chemical Engineering Lectureship Award](#)

[Student Awards and Competitions](#)

March 1st, 2023

[CSChE Best Master's Thesis Award](#)

[CSChE Best PhD Dissertation Award](#)

May 15th, 2023

[CSChE Chemical Engineering Local Section Scholarships](#)

[CSChE Student Chapter Faculty Advisor Award](#)

[CSChE Student Chapter Merit Award](#)

Anytime throughout the year

[CSChE Silver Medal](#)

If you have any questions, please reach out to awards@cheminst.ca. Thank you and we very much looking forward to highlighting those who have made exceptional contributions to the chemical sciences community.
